Andalusia Health's mission is simple: Making Communities Healthier®. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are providing quality care close to home and investing in our region's overall well-being. Your support allows us to continue to enhance the many ways we serve and care for Covington County and the surrounding areas today and for generations to come. Thank you.

—Clint Kendall, CEO

In 2019, we...

...added two employed providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care.

...made more than \$1.2 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year, we invested in an upgrade of MRI equipment, a new autoclave and an endoscope drying cabinet.

...distributed a payroll of \$18,571,460 to more than 300 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$19 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$3,622,940 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

Andalusia employees raise awareness for breast cancer and breast health.

Andalusia staff filled packages for the Full Tummy Project to help provide food to Covington County children at risk of hunger.
