AndalusiaHealth.com

Caring for our friends, neighbors, and families is more than a job at Andalusia Health – it is a privilege we earn every day. We are deeply committed to improving the health and well-being of this community, and we do so by providing services critical to the area – such as emergency, obstetrics, and primary care – and delivering exceptional outcomes and experiences, one patient at a time.

Beyond our hospital and clinic walls, we contribute to the broader community health – as detailed in this report – through the charitable and uncompensated care we provide, the significant amount of payroll and taxes we pay, and the broad range of community organizations and events we support.

We understand that a strong community requires strong local healthcare, and we are honored to be your partner in making both of these aspirations possible. We are deeply grateful for the trust you place in us, and we look forward to another year of improving the health and well-being of the Andalusia area.

Sincerely,

Vickie Demers, CEO
Andalusia Health

In 2025, we...

added **75 employed, affiliated and telehealth providers**

made more than **\$300,000 in capital improvements**

distributed a **payroll of more than \$22 million** to approximately 450 employees

donated **nearly \$8 million** in services to those in need

paid more than **\$4.4 million in taxes**

2025 Success Spotlight

Recruiting skilled clinicians to our hospital and community and supporting them in their new roles is critical to ensuring access to high-quality care across a broad spectrum of services. In 2025, we added 75 affiliated providers in areas that included Emergency Medicine, Family Medicine, Obstetrics/Gynecology, Orthopedic Surgery, Pulmonary Medicine, Radiology, Tele-Intensivist, Tele-Neurology, Tele-Psychiatry, and more.

Investments in our facilities – from infrastructure to the latest healthcare technology – ensure that our hospital can continue to meet the community's evolving healthcare needs. Last year, we spent more than \$300,000 on capital improvements, including a new colonoscope, a portable EEG system, new EKG machines, an infant ventilator, new labor and delivery beds, new patient monitors, and upgrades to two laparoscopic towers in our operating room.

Our greatest asset is our people. We aspire to create an environment where talent is recognized, job satisfaction is valued, and our employees can effectively use their skills to provide high-quality care and service.

In 2025, we provided nearly \$8 million in services to those in need of healthcare but without the means to pay.

We are proud to be an important partner to the Andalusia area as a healthcare provider, a significant taxpayer and employer, and an ardent supporter of local organizations that also serve the region.

SPONSORSHIPS AND DONATIONS
